Engaging the Community

In April, in association with St Vincent de Paul and Astegos.Org, we distributed nearly 12,000 diapers to 250 families at The Village in Meridian. Many thanks to Cathedral of the Rockies for bundling the diapers to give away, helping people immediately at the onset of the COVID-19 shutdown.

Idaho Gives was extended from a one day event to two weeks, helping nonprofits in Idaho during this crisis. Our social media was focused on Basic Needs for Idaho's families.

Idaho Diaper Bank MOVES into New Space!

We found out in late May, the space across the parking lot would be vacated, and we were able to negotiate a one year lease to expand into the 2500 sq foot warehouse space. We sublet the 1000 sq ft front office space and moved in the second week of June.
